

Introducing the Integrity Health Plan

First of its kind.

Built for agents.

The **Integrity Health Plan** is the first health plan created specifically for agents, advisors, and their families.

Built by agents, for agents, it lets you keep what matters most—your independence—while becoming part of something bigger. By harnessing the power, scale, and strength of Integrity, we're delivering exclusive benefits that are simpler, smarter, and designed around the way you work.

-  Exclusive to Integrity
-  Industry-leading health plan built for agents
-  Individual & family coverage available
-  Preventive services covered at 100%
-  Nationwide provider network
-  No coinsurance
-  HSA-eligible plans available
-  No open enrollment periods — sign up anytime!

For many independent agents, health insurance remains out of reach.

Being part of Integrity changes that. The Integrity Health Plan gives you group-style access to coverage — not as an employee, but as part of something bigger. This combination doesn't exist anywhere else in the industry.
